@TECHNOPARK

What We Promise !

- **Real Projects, Real Results**

As you complete the course, you'll build and publish your own websites, mobile apps, AI projects, and UI/UX designs using tools like GitHub, the Play Store, App Store, and Figma (based on your course selection)

- **Expert-Led Sessions**

All sessions are led by industry professionals to give you the best guidance and industry oriented knowledge.

- **Mentoring Support**

Get your questions answered in a dedicated WhatsApp group during the course and continue receiving mentor support for 1 month after the internship ends
